

Tokio Hotel

(paroles en anglais)

1)Scream

You get up, and somebody tells you where to go to
When you get there, everybody's telling you what to do
Thank you, it's been another bloody Monday
And no one is asking what you wanted anyway

Nein - nein - nein - nein - nananana nein
Nein - nein - nein - nein - nananana nein

Scream! 'Til you feel it
Scream! 'Til you believe it
Scream! And when it hurts you
Scream it out loud!

Scream! 'Til you feel it
Scream! 'Til you believe it
Scream! And when it hurts you
Scream it out loud - scream!

Watch out! Stay awake, they're lurking
Obsess you, they are always working
Promising everything you never asked for
And one day it'll be too late and you'll beg for more

Nein - nein - nein - nein - nananana nein
Nein - nein - nein - nein - nananana nein

Scream! 'Til you feel it
Scream! 'Til you believe it
Scream! And when it hurts you
Scream it out loud!

Scream! 'Til you feel it
Scream! 'Til you believe it
Scream! And when it hurts you
Scream it out loud - scream!

Back to zero - the time's about to come
Let them know, you're not just anyone

The time's about to come Scream! 'Til you feel it
Scream! 'Til you believe it
Scream! And when it hurts you
Scream it out loud!

Scream! 'Til you feel it
Scream! 'Til you believe it
Scream! And when it hurts you
Scream it out loud!

(Shut up!)

No! Cause you feel it
No! Cause you believe it
No! And when it hurts you
Scream it out loud
No! - no! - no! - no! - no! - no! - no!
Scream it out loud - scream!

2)Ready, Set, Go!

We were runnin' through the town
our senses had been drowned
no place we hadn't been before

we learnt to live and then
our freedom came to an end
we have to break down this wall

too young to live a lie
look into my eyes

ready, set, go!
it's time to run
the sky is changing, we are one
together we can make it
while the world is crashin' down
don't you turn around

we are looking back again
on loneliness and pain
never been so wide awake

breath slowly in and out
somewhere behind the clouds
i can see the mornin break

too young to live a lie
look into my eyes

ready, set, go!
it's time to run
the sky is changing, we are one
together we can make it
while the world is crashin' down
don't you turn around

leave it all behind you now
the final wall is breaking down
we are what it's all about
nothin can stop us now

i promise you right now
i'll never let you down

3)Thought the Monsoon

I'm starring at a broken door
there's nothin left here anymore
my room is cold
it's makin me insane
i've been waitin here so long
but now the moment seems to've come
i see the dark clouds comin up again

runnin through the monsoon

beyond the world
to the end of time
where the rain won't hurt
fighting the storm
into the blue
and when i lose myself
i'll think of you
together we'll be running somewhere new
through the monsoon
just me and you

a half moon's fading from my sight
i see your vision in it's light
but now it's gone and left me so alone
i know i have to find you now
can hear your name
i don't know how
why can't we make this darkness feel like home

running through the monsoon
beyond the world
to the end of time
where the rain won't hurt
fighting the storm
into the blue
and when i lose myself
i'll think of you
together we'll be running somewhere new
and nothing can hold me back from you
through the monsoon

hey! - hey!
i'm fightin all it's power
comin' in my way
let it take me straight to you
i'll be running night and day
i'll be with you soon, just me and you,
we'll be there soon, so soon...

running through the monsoon
beyond the world
to the end of time
where the rain won't hurt
fighting the storm
into the blue
and when i lose myself
i'll think of you
together we'll be running somewhere new
and nothing can hold me back from you
through the monsoon
through the monsoon
just me and you
through the monsoon
just me and you

4) Love Is Dead

I hold your letter
In my frozen hand
The last line was long
As long as it burns
My look carries on

With every word
Another feeling dies
I'm left here in the dark
No memories of you
I close my eyes

It's killing me
We die when love is dead
It's killing me
We lost a dream
We never had
The world in silence
Should forever feel alone
'Cause we are gone
And we will never overcome
It's over now

Vultures are waiting
For what's left of us
What can we take
It all has no worth
If we lose our trust

They're coming closer
Want you and me
I can feel their claws
Let me go now
Try to break free

It's killing me
We die when love is dead
It's killing me
We lost a dream
We never had
The world in silence
Should forever feel alone
'Cause we are gone
And we will never overcome

It's over now now now
It's over now now now
It's over now
It's over now

Vultures are waiting
For what's left of us
Taking the last of you
And the last of me

It's killing me
We die when love is dead
It's killing me
We lost a dream
We never had
The world in silence
Should forever feel alone
'Cause we are gone
And we will never overcome

It's over now now now
It's over now now now
It's over now
It's over now

5) Don't Jump

On top of the roof
The air is so cold and so calm
I say your name in silence
You don't want to hear it right now

The eyes of the city
Are counting the tears falling down
Each one a promise of everything
You never found

I scream in to the night for you
Don't make it true
Don't jump
The lights will not guide you through
They're deceiving you
Don't jump

Don't let memories go
Of me and you
The world is down there
Out of view

Please don't jump

You open your eyes
But you can't remember what for
The snow falls quietly
You just can't feel it no more

Somewhere up there
You lost yourself in your pain
You dream of the end
To start all over again

I scream in to the night for you
Don't make it true
Don't jump

The lights will not guide you through
They're deceiving you
Don't jump

Don't let memories go
Of me and you
The world is down there
Out of view

Please don't jump
Don't jump

I don't know how long
I can hold you so strong
I don't know how long

Just take my hand
Give it a chance
Don't jump

I scream in to the night for you
Don't make it true
Don't jump
The lights will not guide you through
They're deceiving you
Don't jump

Don't let memories go
Of me and you
The world is down there
Out of view

Please don't jump
Don't jump
And if all that can't hold you back
I'll jump for you

6) On The Edge

It's getting light outside
She is still there
But no one cares

They said no happy birthday yesterday
Without her
Do you want to see if
You're flying through
The night

This gift is what you'll need
You're gonna be alright
Eyes closed and fall

The first time on the edge
The scars will stay forever
Side to side with death
The moment that feels better
Darkness and light
Are blinding her sight
She's not coming back

It's getting light outside
She cannot sleep
'Cause time stood still
Someone's hand is touching her
She has no will

Each time when it hurts
She just feels so alone
She doesn't care at all
Her memories have
Long gone
Eyes closed and fall

The first time on the edge
The scars will stay forever
Side to side with death
The moment that feels better
Darkness and light
Are blinding her sight
She's not coming back

She shuts the door
She longs for more
And more
And more

She shuts the door
She longs for more
And more
And more
Just once more

Everyone is watching her
Her arms are so sore
But she doesn't care
Anymore

The first time on the edge
The scars will stay forever
Side to side with death
The moment that feels better
Darkness and light
Are blinding her sight
She's not coming back
Not coming back

The sky is casting over
Her last wish
Stays unsaid

7) Sacred

I'm still awake for you
We won't make it together
We can't hide the truth

I'm giving up for you now
My final wish will guide you out
Before the ocean breaks apart
Underneath me

Remember
To me you'll be forever sacred
I'm dying but I know our love will live
Your hand above like a dove
Over me
Remember
To me you'll be forever sacred

You break the ice when you speak
With every breath you take
You save me
I know that one day we'll meet again
Try to go on as long as you can
Even when the ocean breaks apart
Underneath you

Remember
To me you'll be forever sacred
I'm dying but I know our love will live
Your hand above like a dove
Over me

Remember
To me you'll be forever sacred

Forever you
Forever sacred
Forever you
You'll be sacred

In your eyes
I see the hope
I once knew
I'm sinking
I'm sinking
Away from you

Don't turn around
You'll see
You can make it
Never forget

To me you'll be forever sacred
I'm dying but I know our love will live
Your hand above like a dove

Over me

And one day the sea will guide you back to me

Remember

To me you'll be forever sacred

To me you'll be forever sacred

8) Break Away

I've got other plans today

Don't need permission anyway

'Cause here I'm standing after all

With my back against the wall

Against the wall

I put all the blame on you

'Bout me and all that I went through

You don't give me any choice

Now I'm gonna make some noise

Make some noise

I feel so

Claustrophobic here

Watch out!

Now you better disappear

You can't

Make me stay

I'll break away

Break away

I'm warning you don't follow me

I won't miss you can't you see

What you wanted, it didn't work

Go on diggin' in the dirt

In the dirt

Cold sweat on your brow

Now you can hear me shout

Your world is about to destruct

'Cause now I'm gonna pull the plug

Pull the plug

I feel so

Claustrophobic here

Watch out!

Now you better disappear

You can't

Make me stay

I'll break away

Break away

No more counting all your lies

No more waiting for your goodbye

It's too late

Much too late

You are like a bitter pill
That I had to take against my will

I feel so
Claustrophobic here
Watch out!
Now you better disappear
You can't
Make me stay
I'll break away
Break away

I feel so
Claustrophobic here
Watch out!
Now you better disappear
You can't
Make me stay
I'll break away
Break away
Break away

9) Rescue Me

This used to be our secret
Now I'm hiding here alone
Can't help but read our names on the wall
And wash them off the stone

I trusted you in every way
But not enough to make you stay
Turn around
I've lost my ground

Come and rescue me
I'm burning can't you see?
Come and rescue me

Only you can set me free
Come and rescue me
Rescue me
Rescue me

We lied when we were dreaming
Our crying was just fake
I wish you could deny it
Here and today

My S.O.S on radio
The only chance to let you know
What I fear
Can you hear?

Come and rescue me
I am burning can't you see?
Come and rescue me
Only you can set me free
Come and rescue me
Rescue me
You and me
You and me
You and me

The walls are coming closer
My senses fade away
I'm haunted by your shadow
I reach to feel your face
You're not here
Are you here?

Come and rescue me
Rescue me
Come and rescue me
I'm burning can't you see?
Come and rescue me
Only you can set me free
Come and rescue me
Rescue me

You and me
You and me
Rescue me
You and me
Set me free
Rescue me

10) Final Day

And now we're here again
Up on your roof so high
The whole world can just go to hell
For all I care tonight

I can feel the end is near
It all has come, as we had feared
And if our final day has come
Let's pretend to carry on
And if the end has now begun
Live on (Live on)
Live on (Live on)

I just can't believe the day has come
When our clocks stand still
The horizon seems to disappear
And all our dreams are unfulfilled

I can feel the end is near
It all has come, as we had feared
And if our final day has come
Let's pretend to carry on
And if the end has now begun
Live on (Live on)
Live on (Live on)

This is our final day
This is our final day
This is the final thunder
Up on your roof so high
Let's stay and wait for the morning

Even if it's not in sight

Has our ending just begun?
Don't care, pretend to carry on

And if our final day has come
Let's pretend to carry on
And if the end has now begun
Live on (Live on)
Live on (Live on)

And if our final day has come
Let's pretend to carry on
And if you'll stay we'll always
Live on (Live on)
Live on (Live on)

This is the final thunder
Up on your roof so high
Let's stay and wait for the morning
Live on (Live on)
Live on

This is our final day

11) Forgotten Children

Just a normal day
Streets turn into graves
Traces have been removed
The search was disapproved

So cold the night
The weak ones lose the fight
So many of them out there
No one seems to care

Lost and so alone
Born but never known
Left all on their own
Forgotten children

You'll never hear a name
They carry all the blame
Too young to break the chains

Forgotten children

They see
They feel
Believe
Just like we do
They're laughing
And crying
Wanna live here
Like me and you

Eyes without light
So tired of goodbyes
Never felt embraced
And frightened of every face
A life in disguise
Hope forever dies

Lost and so alone
Born but never known
Left all on their own
Forgotten children

You'll never hear a name
They carry all the blame
Too young to break the chains
Forgotten children

They see
They feel
Believe
Just like we do
They're laughing
And crying
Wanna live here
Like me and you

It shouldn't really be that way
It shouldn't really be that way
We see
We feel
Believe
Just like you
We're laughing
And crying
Wanna live here

We see
We feel
Believe
Just like you
We're laughing
And crying
Wanna live here
Just like you

12) By Your Side

No one knows how you feel
No one there you'd like to see
The day was dark and full of pain

You write "help"
With your own blood
'Cause hope is all you've got
You open up your eyes
But nothing's changed

I don't want to cause you trouble
Don't want to stay too long
I just came here to say to you
Turn around
I am here
If you want it's me you'll see
Doesn't count
Far or near
I can hold you
When you reach for me

Your life is meaningless
Your diary full of trash
It's so hard to get along
With empty hands

You're looking for the rainbow
But it died not long ago
It tried to shine just for you
Until the end

I don't want to cause you trouble
Don't want to stay too long
I just came here to say to you
I'm by your side
Just for a little while
Turn around
I am here
If you want it's me you'll see
Doesn't count
Far or near
I can hold you
When you reach for me

If the world makes you confused
And your senses you seem to lose
If the storm doesn't wanna diffuse
And you just don't know what to do
Look around
I am here

Doesn't count
Far or near
I'm by your side
Just for a little while

Turn around
Turn around
I am here
Turn around

Doesn't count
Far or near
Turn around
If you want it's me you'll see

Turn around

I can hold you when you reach for me

Turn around

I am here

Doesn't count

Far or near

I'm by your side

Just for a little while

We'll make it if we try
